Principles of Cosmetology Design and Color Theory is a prerequisite for Cosmetology II. Students will coordinate integration of academic, career, technical knowledge and skills in this laboratory instructional sequence course designed to provide job-specific training for employment in cosmetology careers. Students will attain academic skills and knowledge as well as technical skills related to cosmetology design and color theory. Students will develop knowledge and skills regarding various cosmetology design elements such as form, lines, texture, structure and illusion or depth as they relate to the art of cosmetology. Instruction includes sterilization and sanitation procedures, hair, nail, and skin care meeting the TDLR requirements for licensure upon passing the state examination. Analysis of career opportunities, license requirements, knowledge and skills expectations, and development of workplace skills are included.

## **COSMETOLOGY II, 2 credits + 1 Local, (DJCC)**

Grade: 12

Prerequisite:: Cosmetology I (525 hours completed)

Required:: State ID Required, Uniform, Lab fees will be assessed

Cosmetology II is a program geared towards students who are interested in obtaining a state operator's license to practice cosmetology in the state of Texas. In this course, students will demonstrate proficiency in academic, technical, and practical knowledge and skills. The content is designed to provide the occupational skills required for licensure. Instruction includes advanced training in professional standards/employability skills; (TDLR) rules and regulations; use of tools, equipment, technologies, materials and practical skills including haircutting, styling, chemical texturizing, hair coloring, skin and nail services. This course is the second year of a two-year program that encompasses theories and principles of cosmetology. Upon completion students will have learned the skills and knowledge to pass the required Texas Department of Licensing and Regulations (TDLR) state board exam. Students must clock a total of 900 hours to be eligible for the written exam. Students must pass the written exam with a minimum of 70% and clock 1000 hours to be eligible to take the practical exam. Students that pass with a minimum of 70%, have received their high school diploma, and pay the required license fee to TDLR, will be licensed as Cosmetologist in the state of Texas.

## **Frequently Asked Questions**

### **Is there a cost to take cosmetology?**

Yes, the first year of cosmetology a kit fee of \$500.00, a student permit fee of 25.00 and state required uniform is all due on the first day school. Material fees will be assessed. Kit supplies include all tools needed to perform the required assignments and client work in the classroom and to use out in the industry once the student have completed and passed the state board exam.

### **What is the atmosphere like?**

Our program is set up to run just like a salon would perform in the industry. Students must be comfortable working hands on with models and salon clients. Students will participate in group projects and be able to stand in front of peers to perform demonstrations and class assignments.

### **Will I be licensed when I am finished with the two year?**

In order to take the required state exam students must have a valid state issued i.d. and pay all required state fees. The written exam is \$55.00 and the practical exam is \$ 78.00. A 1000 clocked hours and practical applications must be completed by the end of the second year to sit for the state exam. With a passing score of 70% or more, students will be licensed to perform all cosmetology services in the state of Texas.

### **Is there physical activity needed for this course?**

Yes, the ability to stand for long stretches at a time to perform hands on practical applications and client work.
