At DeLay Middle School, we believe:

- Every child can learn and achieve at a high level
- In empowering great leaders to inspire the next generation
- Students deserve to learn in a positive school climate
- Students should have learning experiences that translate to the real world
- Being authentically engaged in meaningful work and being provided chances to take risks is critical to the learning process

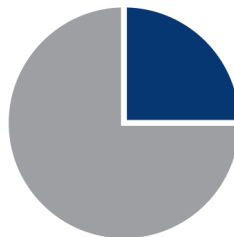

It is our mission to ensure that each child has the academic skills, emotional health, and social experiences they need to be successful in life. All students have real-world learning experiences through community partners, guest presenters and learning trips to see how their education applies to daily living. By providing these experiences in a nurturing, safe, and rigorous environment, DeLay Middle School students are prepared for the quality future that *they* create.
