Professional Learning Communities or PLC meetings will be held multiple times throughout the 2024-2025 school year to analyze data to help drive effective instructional practices. Student Learning

Student Learning Summary

Our staff is in the third year of our journey with Restorative Practices. We believe that trust and relationships must be established before great academic success can occur. Teachers greet their students at the door daily and take time to invest in their well being in and outside of the classroom. All classrooms at Bridlewood have worked to create personalized Treatment Agreements that set the tone for how students treat one another, how teachers treat students, and how students treat teachers. This agreement is used on a daily basis to reference what students need to be successful. Classes also use The Treatment Agreement to set weekly goals.

Bridlewood students study a different character trait from our campus wide program, BRONCO PRIDE, each month. These character traits are reinforced in weekly social emotional learning (SEL) lessons along with monthly whole class counseling lessons. Bronco students are recognized monthly with character lunches.

At the end of the 2023-2024 school year, 99% of students in kindergarten-fifth grade were promoted to the next grade level. Student progress is assessed and measured throughout the school year by analyzing data sources including: Istation Data, classroom Trend walkthroughs, STAAR, LISD curriculum based assessments (CBA's), observations, and formative and summative assessments.
