

SEXTING

Think before you hit send!

“Sexting” is generally defined as “the sending or receiving of sexually explicit or sexually suggestive images or video via a cell phone.” In Texas, the definition is much broader. Sexting includes any possession and/or electronic transmission by a minor (age 17 and under) of visual material capturing a minor engaged in sexual conduct which includes still photographs of private body parts.

CONSEQUENCES

Think before you hit send!

- ✗ Loss of extra-curricular school activities
- ✗ Negative effects on relationships
- ✗ Stereotyped by peers
- ✗ Psychological effects could include depression and thoughts of suicide
- ✗ Potential loss of future educational and employment opportunities

WHAT YOU CAN DO

- 1.** Think about the consequences of taking, sending, or forwarding sexually suggestive pictures of someone underage, even if it’s you.
- 2.** Never take pictures of yourself that you wouldn’t want everyone — your classmates, your teachers, your parents, your family, or your employers — to see.
- 3.** Before sending, remember that you have no control where this image goes. What you send to your boyfriend or girlfriend could end up with their friends, and their friends, and their friends ...
- 4.** If you forward a sexual picture of someone underage, you are responsible for this image as the original sender. You could face child pornography charges, go to jail, and negatively affect your future.
- 5. REPORT!** If you receive a text, image or video that is or could be considered sexting, do NOT forward it or show the image to anyone. Contact a trusted, responsible adult to help.
