Perceptions

Perceptions Summary

Durham is building a strong community with a voice in how students are educated. Dragon Pride starts with strong staff and administration involvement and communication. A "Dragon Nation E-News" digital site consisting of the schedule of events is sent out each week by the principal to all parents and students. The Durham community is invited to provide feedback at campus events, through in-person visits, and family surveys sent home via Skylert.

Additionally, the Durham web page and social media accounts serve as a communication device by providing an up-to-date schedule of events and highlighting campus successes. Because the number of bilingual students continues to increase, Durham is working to expand communication in the native languages of student families and build stronger relationships.

Lewisville High School students are also part of tutoring and mentoring multiple students throughout the year, both during the school day and Saturday School. We continue to improve community involvement and perceptions of DMS students by involving the Men of Distinction program, CIS Lunch group program, and small groups by CIS liaison and counselors. The AVID program provides a way for students to learn about leadership, study skills, and career pathways with their peers and campus leaders.

The Community in Schools site coordinator has created student mentor groups and hosts meditations and other social skill-building exercises to build student ownership and accountability in damaged or toxic friendships or interactions. Durham works with Community in Schools to provide mentors, also using Voly.com to reach out to the community and share volunteer opportunities. Parent participation is lower than desired due to many factors, but we continue to invite the community into the school through yearly events such as Black History Night, Hispanic Heritage Night, Asian Pacific Islander Celebration, and the Spring Musical. The community is also invited to be part of events like Parent/Guardian University and Career Day with guest speakers and more.

To support students who are highly mobile, the school hosts monthly orientations for newly enrolled students new to LISD and Durham. Of the 646 students enrolled at Durham Middle School, several students were newly enrolled for the 2024-25 school year. Several of these students are ESL students.

During the year, an attendance committee composed of teachers and administrators will meet regularly to review data and make plans for chronically absent students.

Perceptions Strengths

Durham is a close-knit community that works collaboratively with all levels in order to provide a smooth transition from elementary and then to high school. We strive to create an inclusive environment where all students feel a sense of belonging and engagement through our clubs, organizations, PTA, and family-friendly events. With the support of a strong community, we develop well-rounded students who are successful both academically and beyond the classroom. Our teachers are invested in their work and building relationships with students while embracing open lines of communication and continually improving their practice.

We were successful in 2021-2022 in reforming our PTA. We established a board and have continued to be successful. To date, we have 151 members for 2023-2024 and we continue to recruit at school and community events and achieved the PTA School of Excellence. Our number of VOLY volunteers has doubled to a bank of 333 total volunteers.

Durham Middle School has sought to increase parent involvement over the past several years, and recent accomplishments include successful Hispanic Heritage Night, Black History Month, and Asian American Pacific Islander Night celebrations that include parent participation. For Hispanic Heritage Night, over 400 participants attended a tenfold increase from the 2017-2018 event. The Black History Month Celebration also saw a high attendance rate with a guest speaker and a local author participating. Our Asian American Pacific Islander

night was also well-attended and we look forward to growing its impact in the future.

At a campus level, the focus has been to develop positive relationships with students and develop student accountability, especially through the electives, and all teachers will be trained in restorative practice strategies.   Currently all classrooms have treatment agreements posted in their classrooms.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: We have had a demographic shift during the previous year and have seen an influx of Hispanic students. Many of these students are new to the country and beginning to speak English.   **Root Cause:** Currently the political and social unrest in South America has caused an increased number of students coming from these countries. Some of these students have had significant gaps in their education.

Campus personnel utilize appropriate interventions for students with special needs. The RtI team is in place and appropriately trained to serve students.

Professional learning is provided to all staff regarding the needs of learners from special populations (at-risk, special education, 504, dyslexia, G/T, ELL, Economically Disadvantaged, etc.). Teachers receive training and support to differentiate instruction to meet the needs of all students.

The following resources are used to meet the needs of special students: 504, Inclusion, Contact Teachers, G/T services, Advanced Placement (secondary only) and Literacy Intervention/Dyslexia.

Language acquisition services are provided for language learners through differentiating for their stage of language acquisition through models aligned with state requirements.

Special education services are provided to students as determined by the ARD committee.

G/T services are provided in alignment with the Texas State Plan for Gifted/Talented students.

The campus will demonstrate integration of technology in instructional and administrative programs to support student learning.

LISD takes a comprehensive approach in providing treatment and acceleration to students who have been identified with having a special learning disability of dyslexia. Depending on the age, language, skill ability and identified strengths and weaknesses , the district offers a variety of programs based on the well-researched Orton-Gillingham method of instruction. Reading interventions based on this approach provide the comprehensive learning strategies students with dyslexia require to overcome their literacy struggles by using multi-sensory tools to teach phonemic awareness, phonics, fluency, vocabulary and comprehension sequentially. All scripted, direct instruction reading programs adopted for use in LISD, including MTA, Foundations, Esperanza, New Herman Method and Language! Live were carefully vetted based on teh TEA required principles of effective dyslexia instruction. LISD ensures all the reading interventions for struggling readers are provided with consistency and fidelity in order to ensure students close the gaps and are using their newly acquired skills to become more confident readers.

Strategy's Expected Result/Impact: Increased STAAR scores, local grades and assessments; campus staff observation and reflection indicating strategy success; increased family involvement in program supports, graduation rates.

1.1: Comprehensive Needs Assessment

A comprehensive needs assessment is conducted on an annual basis. Multiple data sources are used from various stakeholders (parents, administrators, teachers, and community members) via surveys, meeting participation, etc. The areas of assessment include demographics, student achievement, school processes and programs, and perceptions. The school wide focus is on academic student achievement as measured by growth throughout the school year.

2.1: Campus Improvement Plan developed with appropriate stakeholders

A campus improvement plan is developed based on the comprehensive needs assessment findings. The plan is monitored throughout the year and adjustments are made to support the goals outlined in the CIP. Copies of the CIP are posted on the district and campus website and are shared with various stakeholders during meetings where adequate notice of meeting dates and participation is welcomed and encouraged.

2.2: Regular monitoring and revision

Throughout the year the campus improvement plan is monitored and adjusted to best support student achievement and related initiatives. The campus Leadership Team and Durham Middle School Building Leadership Team are involved in monitoring the campus improvement plan.

2.3: Available to parents and community in an understandable format and language

Information is available to parents and community members in an understandable format and language. The district and campus websites include a feature which translates all content.

2.4: Opportunities for all children to meet State standards

Progress monitoring of Math and Reading data is used to determine students in need of academic support. MTSS meetings are held regularly to determine which students are in need of Tier 2 & Tier 3 interventions. Parents are provided resources to help support student progress.

2.5: Increased learning time and well-rounded education

Based on need as identified via the MTSS process, additional learning time is provided during the school day and/or outside of the school day. Designated intervention times limit students missing core instruction.

2.6: Address needs of all students, particularly at-risk

Durham Middle School CIP includes strategies to support all students, with an area of focus for students struggling with social emotional balance, bilingual emergent students and students receiving special education services.

3.1: Annually evaluate the schoolwide plan

A campus improvement plan is developed based on the comprehensive needs assessment finding. The plan is monitored throughout the year and adjustments are made to support the goals outlined in the CIP. Copies of the CIP are posted on the campus website and are shared with various stakeholders during meetings where adequate notice of meeting dates and participation is welcomed and encouraged.

4.1: Develop and distribute Parent and Family Engagement Policy

Annually stakeholders, including parents, staff, and administrators, jointly develop a parent and family engagement policy to encourage partnership and participation in activities that foster relationships which support student achievement. Input is gathered via Campus Improvement Committee meetings and online surveys, during the spring of the previous school year. Updated policies are reviewed and disseminated at the beginning of the school year via ParentSquare and orientation meetings.

4.2: Offer flexible number of parent involvement meetings

There are multiple opportunities offered to parents in order to encourage participation in campus community meetings. These opportunities span different hours of the day in order to accommodate different schedules and they also span different formats including virtual meetings, face to face meetings, and recorded presentations.
