TO: Patrick Schott, Principal

SUBJECT: Forest Vista ES - IAQ - Air Test in Room 319

I received W.O. #85162 from Sue Real *"The teacher in Room 319 is complaining of an unusual order in her classroom. She states that it unbearable at times."* This morning 2/1, I did a walk thru of the room. I found 1 small stained ceiling tile. I have requested EFI to do an Air Test in the room. They will be out this afternoon 2/1. We should have the results back by Wednesday 2/6. If you have any questions, please call me.

Thanks,
Paul
