SUBJECT: Heritage ES - IAQ - Air Test in Room B22

This morning I received Work Order #68919 from Dianna Clark: "Room B22 air in room has a constant musty smell that gets worse as the day progresses". I have requested EFI to do an Air Test in that room, this afternoon. We should have the results back by next Wednesday 9/5. If you have any questions, please call me.

Thanks.

Paul
