TO: Ann Beckel, Principal

SUBJECT: Tom Hicks ES - IAQ - Air Test for Room D-221

On Friday 4/4, I received W.O. #91640 from Lana Baker: "IAQ-Mold Smell-Wet tiles were replaced in Room 2-221". I checked it out Friday 4/4 afternoon, and requested EFI to do an Air Test. Depending on the weather, we should have the results back soon. If you have any questions, please call me.

Thanks,
Paul
