

April 3, 2009

Dear 7th grade parent-

Due to some changes involving electives for the 09-10 school year based on the new 4x4 curriculum at the high school, Spanish will no longer be offered for our 7th graders for the 09-10 school year. The district is condensing the Spanish program at all LISD middle school campuses to one year.

We show that your child has selected to take Spanish on their course selection sheet as a 7th grader. The positive is that your child will still have the opportunity to take Spanish in one year as an 8th grader for high school credit.

In lieu of defaulting to your child's third choice automatically, we are asking that you discuss the 7th grade electives that we are offering for the 09-10 school year with your child and let us know on or before Wednesday April 8, 2009 which elective your child would like.

We are copying your child's current course selection sheet on the back of this letter. Please make the selection, sign, and have your child return this sheet to Mrs. Melton on or before April, 8, 2009.

If you have any questions or concerns, you can contact Michele Jacobsen at 972-350-1407 or email your questions to jacobsenmd@lisd.net.

Sincerely,

Michele D. Jacobsen
